

BOM for sewing COVER

*Please note that covers are specially designed for the mannequins from this store. So if you only need the cover, please refer to the mannequin measurements listed in the size chart in the product photos (the last 3 images).

1. Fabric for making a cover (width x length) 150 cm x 120 cm/ 1.64 Yard × 1.31 Yard.
It's recommend using a dense fabric (220 g/m², the denser, the better) that has a slight stretch across the width but may not stretch along the length.
2. A concealed (invisible) zipper at least 70 cm long.
3. Sewing threads.
4. Interfacing or fusible interfacing to reinforce the fabric (optional).
